General information

Hands English curriculum is based on published language courses adapted to suit the needs of children in our homes. To provide continuity and predictability in learning, the program will be delivered over 6- 9-month teaching blocks, beginning in May 2019.

Timetables are based on 20 hours/wk course delivery, though giving additional support is encouraged eg. assisting with English language homework, and situational teaching at meal times, with domestic duties and facilitating interactions with visitors and other non-teacher volunteers. Teacher support is provided with a week long, in-house training in Thailand, early May 2019 and throughout the placement period via contact with the Hands English team and from the designated local contact person. Accommodation, meals, and a small living allowance are provided; however, it is your responsibility to cover flights, visa, medical preparation, background checks and insurance.
